

## LED INDOOR LIGHTING LUMINARIES

GIBSS provides best value energy-efficient and environmentally responsible systems that not only help buildings reduce cost and raise productivity, but also sustain high performance for life.

GIBSS is strongly committed to assisting building owners in making responsible decisions, reducing the overall building life cycle expenses and helping the building occupants live more efficiently.

GIBSS HAS A STRONG PROVEN RECORD OF HELPING BUSINESSES CUT BACK EXPENSES WITH **RELIABLE LIGHTING SOLUTIONS.**

### GIBSS GLO Series..Business Benefits

- Upgrading to latest state of the art technology
- ROI (return on investment)/ payback ~ 1 Year
- Reduction in air-conditioning load; e.g. ~ 10 TR per 1000 lamps
- 15 – 20 times higher life than conventional lamps
- Reduced inventory
- Increased purchase process productivity
- Saving in labor hours ~ 1000 labor hours saved per 1000 lamps
- Durable - since LEDs do not have a filament, they are not damaged under circumstances when a regular incandescent bulb would be broken. Because they are solid, LED bulbs hold up well to jarring and bumping.

### GIBSS GLO Series..Environmental Benefits

- Contributes up to 11 points towards Existing Building LEED Certification
- Reduction in carbon footprint
- 15 – 20 times reduction in waste produce from lamp

# GLO LIGHTING SERIES

MR 16		Wattage	Beam Angle	Color
		4W		Warm White
		5W	10° 24° 30°	Natural White
		6W	36° 45° 60°	Cool White
		7W	Retrofit for 20W, 35W & 50W Conventional Halogen Lamps	

AR 111		Wattage	Beam Angle	Color
		9W		Warm White
			10° 24° 30°	Natural White
			36° 45° 60°	Cool White
			Retrofit for 75W Conventional Halogen Lamps	

PAR 38		Wattage	Beam Angle	Color
		16W		Warm White
			10° 24° 30°	Natural White
		21W	36° 45° 60°	Cool White
			Retrofit for 75W,80W &120W Conventional Halogen Lamps	

LED Bulbs		Wattage	Beam Angle	Color
		7W		Warm White
			360°	Natural White
		9W		Cool White
		11W	Replacement for 25W, 40W & 60W Incandescent Bulbs
